

# NU-WAVE

## Indy's Premiere SCAFFOLDING SYSTEMS

- Available in **Elite** (as shown) and **Classic** Models
- Both Elite and Classic Models are available in 6 ft. and 8 ft. lengths, as well as 4 ft. and 6 ft. heights.
- Load capacity 1000 lbs.
- 5" locking casters
- Solid steel stack pins secure stacked units
- Guardrails as shown are priced separately
- May be stacked to a maximum of 18 ft. when a set of 4 outriggers and a guardrail kit with toeboards are installed.
- 29-1/2" Wide End Frame Access Ladders, providing safe access to work platforms. The narrow width allows NU-WAVE scaffolds to roll through standard commercial doorways without dismantling.
- One person can assemble a basic NU-WAVE scaffold quickly without tools. Holes on both sides of the end frame aid in ease of assembly. One person can also adjust platform heights in 4 in. increments in a matter of seconds.
- **NU-WAVE is the only Authorized Manufacturer of Perry products and guarantees complete compatibility and 100% interchangeability of not only stacking units but all components!**

Elite Platform
